Corporate Office

COE Building, Gujarat Eco Textile Park,
Block No. 181/B, Kala Ghoda, Taluka Palsana,
Surat - 394315, Gujarat, India.

Registered Office

370, S.V.P. Road, Shop 8, Plot 384, Cigaretwala Building,
Opposite CBI, Prarthna Samaj, Near Harikrishnadas Hospital,
Mumbai - 400004, Maharashtra.

Luthra Group

Renewing Hope

We Believe in a Different Future

One that is built on

Environmental Responsibility

Social Responsibility

Innovation

Our Vision

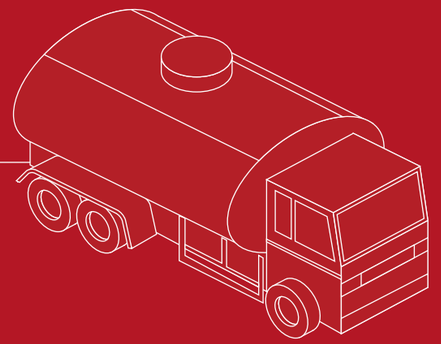
To be a global partner of choice, inspiring change towards a regenerative future.

Our Mission

To be a force of good that transforms lives by 2030, reducing our carbon footprint by 40% through innovative solutions.

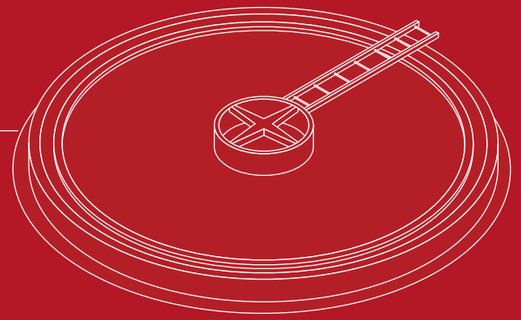
Overview

70 Years of Excellence



1.8 Lac MT
Landfill Waste avoided

8 Lac MT
Waste-to-energy per year



2.29 Lac KL
Fresh Water saved

200 MLD
Water Treatment & Recycling Facilities

659+ Mt
Co2e avoided in 2023

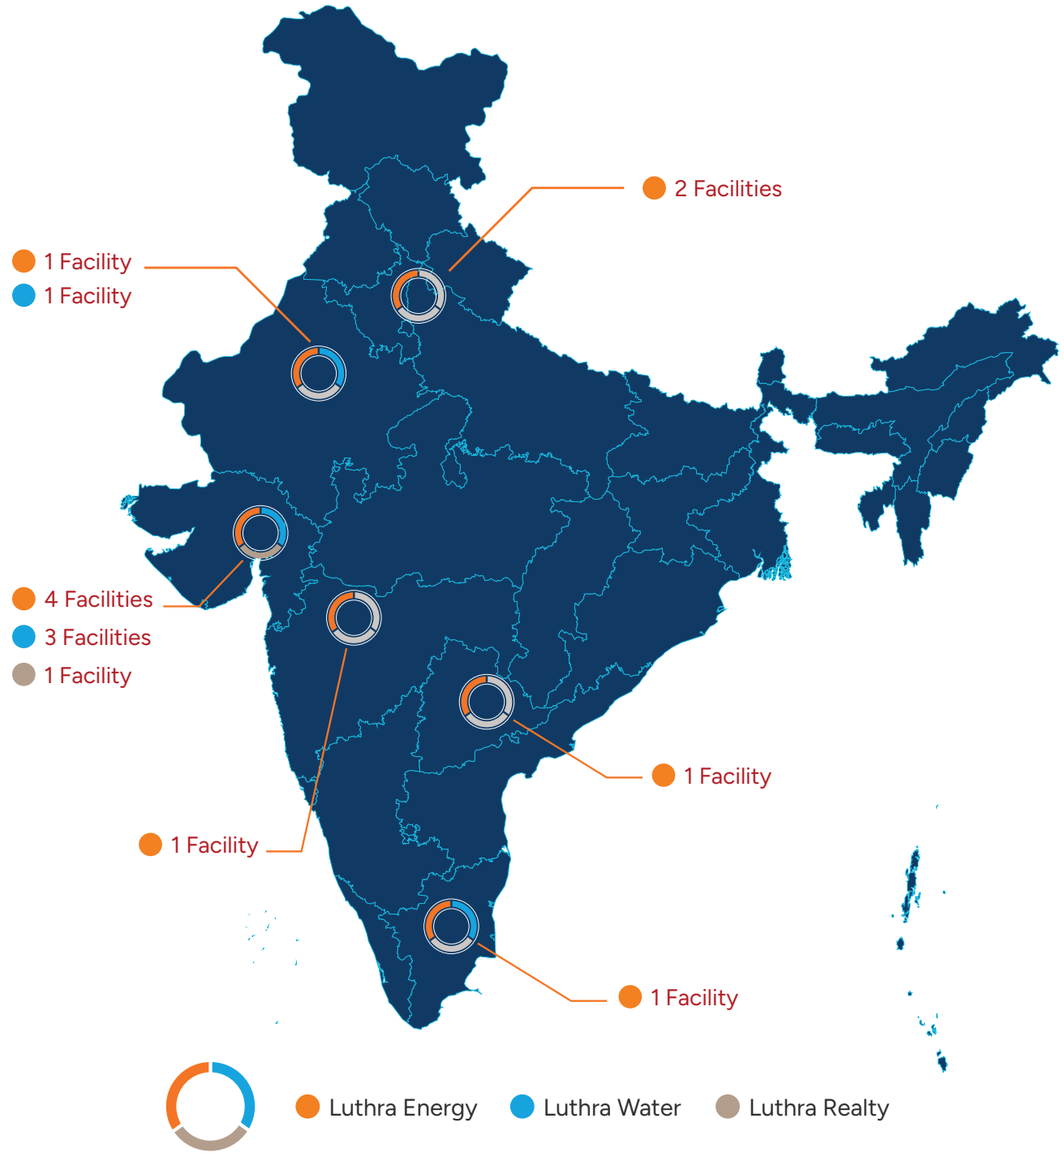
605 MT
Fossil Fuel Saved

500+ Acres
Sustainable Industrial Park

Our Presence

Clients
8000 +

Our Presence
18 States



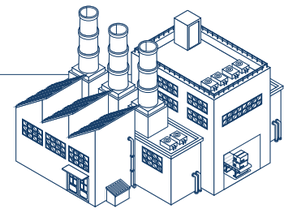
Our Salient Features

- ISO 9001: 2015, 14001: 2015, 45001: 2018 certified
- Exposure of R&D activities and patent holding
- International tie-ups with technology provider
- Advisory services to law makers and experience of working with government schemes and policies
- Robust IT infrastructure and ERP application software (SAP) for management

Foundation of Our Success

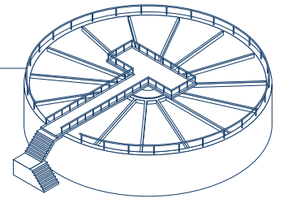
Our Brand Portfolio

Luthra Energy



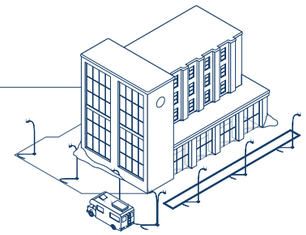
- Clean Energy
- Recycling & Management Zone
- Hazardous Waste Management & Recycling
- Environmentally safe ship recycling

Luthra Water



- Waste Water Treatment Plant
- Waste Water Recycling
- Pipeline Conveyance Network
- Industrial Water Supply

Luthra Realty

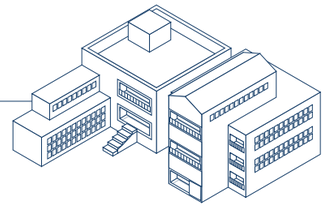


- Industrial Eco Parks
- Hospital
- Commercial Spaces
- Residential Spaces

Luthra InnoQ
Innovation & Quality Hub

- Technical Consultancy
- Advisory services to law makers

Luthra Foundation



- Corporate Social Responsibility

Luthra Energy

Fueling a Better Tomorrow

- Waste Management
- Sustainable Fuel
- Treatment, Storage and Disposal Facilties
- Resource Recovery

10
Major Industries

  Fossil Fuel saved
- **12.60 Lac MT**
  Waste Managed
- **370.32 Lac Litre**
  Light Diesel Oil saved

EkaCoal

Creating Sustainable Burning Fuel From Waste

Our innovative technology transforms waste into a valuable resource - Alternate Fuel. We take Municipal Solid Waste (MSW) and Hazardous Industrial Waste (HAZ) and turn them into EkaCoal, a clean industrial fuel.

This clean-burning fuel replaces polluting coal in industries and minimizes environmental impact. Organizations are using it to accelerate their sustainability transition and achieve decarbonization goals.

Advantages

- **Sustainable Manufacturing**
- **Circular Economy**
- **Reduced Environmental Footprint**
- **Waste Reduction**
- **Cleaner Cities**
- **Clean Energy**

EkaCoal 10

EkaCoal 10 (sustainable fuel) is an innovative product produced by converting Municipal Solid Waste (MSW) into Sustainable Alternate Fuel.

EkaCoal 20

EkaCoal 20 (alternate fuel & raw material) provides the industry with a powerful and sustainable alternative, minimizing environmental impact without compromising performance.

Legal Compliance

Aligns with SWM rules 2016 and NGT orders.

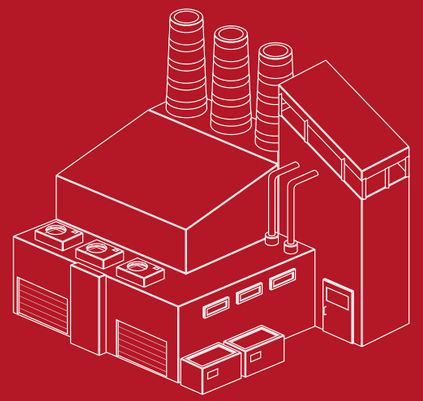
Efficient Boiler Fuel Replacement

EkaCoal can be used easily as a replacement for up to 20% of coal in boilers with a manual feeding system.

Compatibility with FBC Boilers

EkaCoal can be used in FBC boilers after the installation of an appropriate feeding mechanism.

Potential Sectors for Coal Replacement

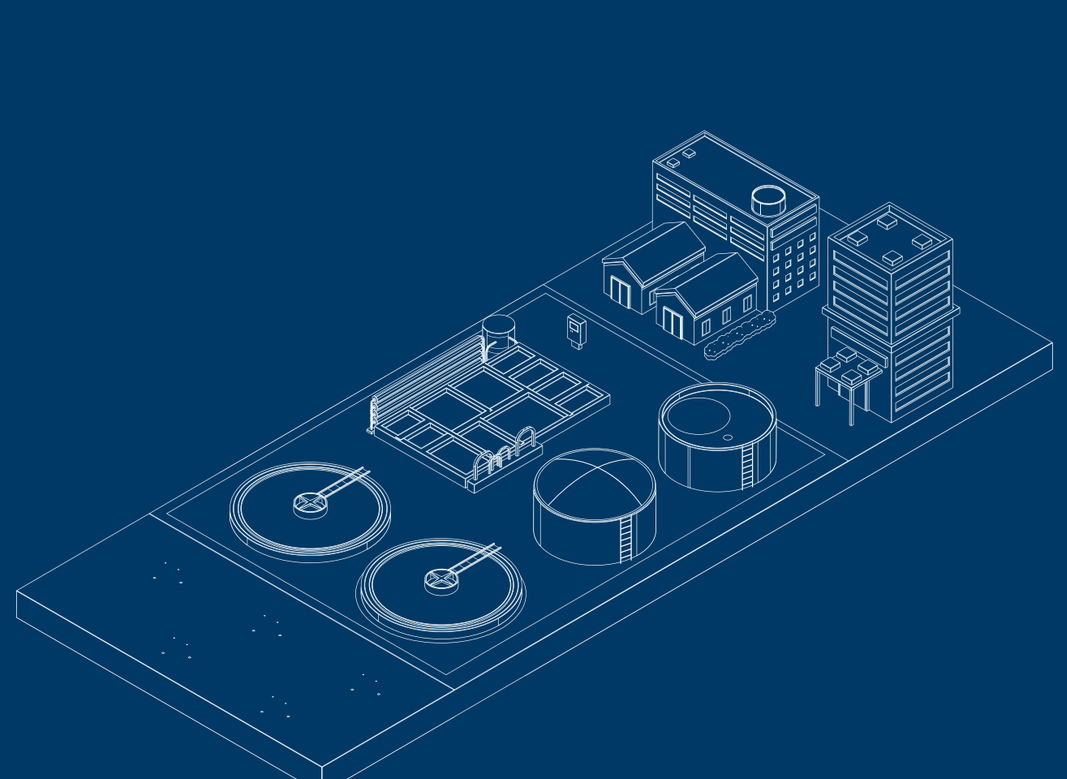


- Waste to Energy Plants
- Cement
- Boilers
- Furnaces
- Powerplants

LuthraWater

Transforming Wastewater Into a Sustainable Value Source

- Water recycling
- Uninterrupted industrial water supply
- Extensive pipeline network



95% Water
Recycling upto 95% of Water

90% Salt
Recycling upto 90% of Salt

8000+
Number of Clients

205 MLD
Combined Capacity

285 MLD
Additional Capacity by 2027

200 KMS
Pipeline Network

Sustaining Industries, Nurturing the Planet

Our innovative CETP-ZLD plants offer a game changing solution. These custom designed facilities tackle wastewater challenges head-on.

Existing Capacity (MLD)

Common Effluent Treatment Plant (CETP)

Palsana, Gujarat	60
Pandesara, Gujarat	100
Pali, Rajasthan	12

Industrial Grade Water Recycling (ZLD) Project

Palsana, Gujarat	25

Water Treatment Plant (WTP)

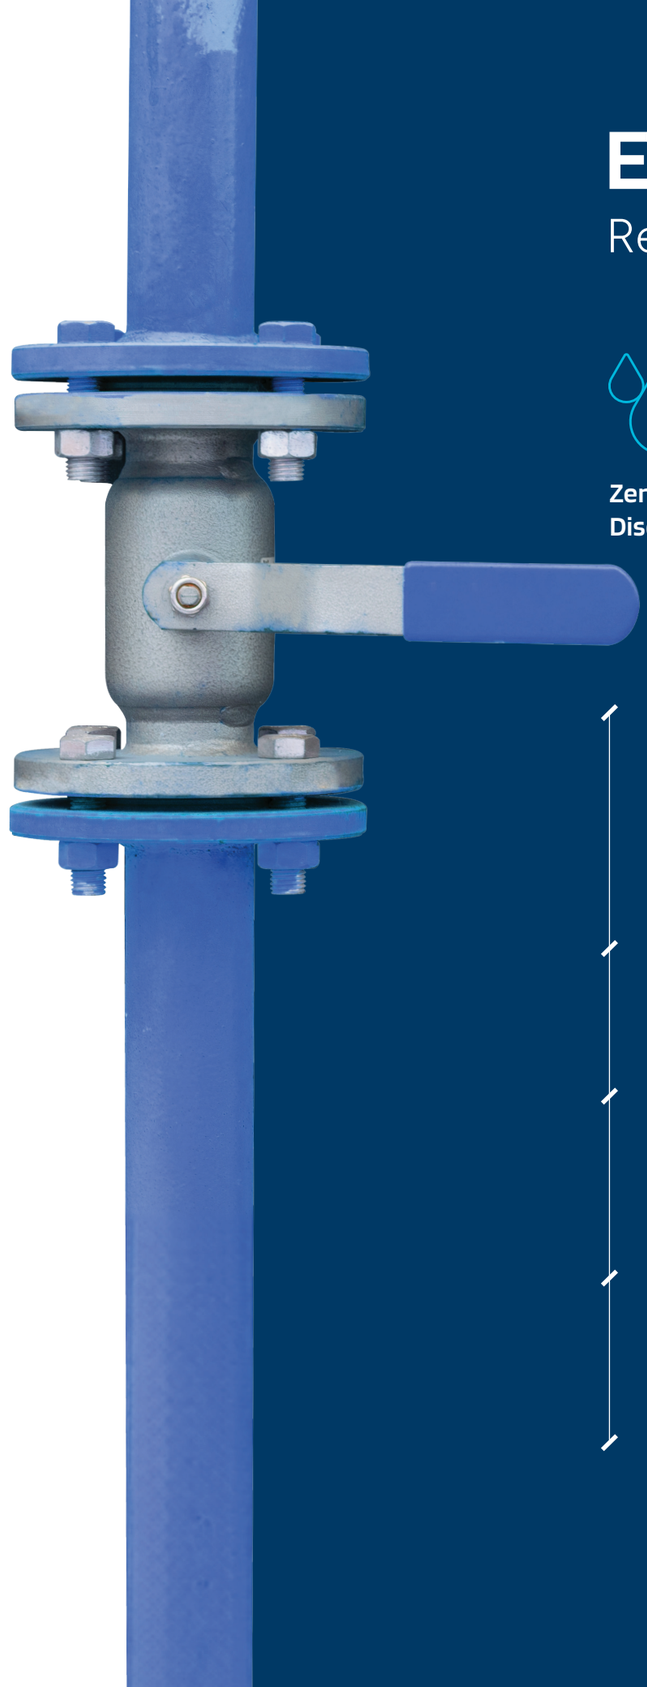
Palsana, Gujarat	8

Upcoming Capacity (MLD)

CETP + ZLD		Expected By
Sayan, Gujarat	90	2025
Kadodara, Gujarat	45	2025
Pachpadra, Gujarat	50	2026
Jodhpur, Rajasthan	20	2027
Ichhalkaranji, MH	20	2027
Tirupur, Tamil Nadu	10	2027
Tadkeshwar, Gujarat	50	2027

Upcoming Capacity (MLD)

Palsana, Gujarat	7
Sayan, Gujarat	63
Kadodara, Gujarat	30



EkaWater

Redefining Renewable Water

Zero Liquid Discharge

Compliance Confidence

Empowering MSME Sustainability Leaders

- One Stop Solutions for Effluent Treatment and Uninterrupted supply of RO Water
- Zero Discharge to Water Bodies
- Relief from Closure due to Environment Non Compliance
- Compliance to Subsidy Norms
- Save Water and Increase Ground Water

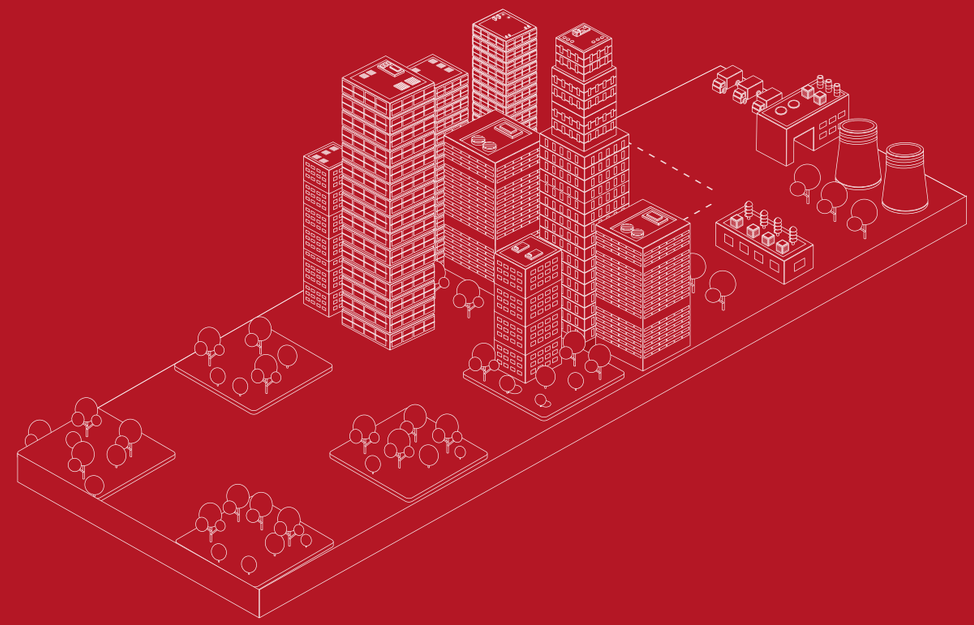
Luthra Realty

The World We Build

We believe that successful real estate development contributes positively to the surrounding community. We actively engage with local stakeholders and consider the project's impact on the neighbourhood's infrastructure, aesthetics, and overall well-being.

We build Eco Textile Parks with cutting-edge production facilities – it's a textile ecosystem under one roof.

- Gujarat Eco-Textile Park
- Palsana Tetxile Park
- Ui Healing Hospital (Under Development)



10+ Years Experience

In Development of
Industrial Infrastructure

500 Acres

Developed into Industrial Parks
with world-class infrastructure

Excellence in Water Management 2018

Winner of the national award for "Excellence in Water Management 2018" by Confederation of Indian Industries (CII)

Outstanding Performance

Gujarat Eco-Textile Park was awarded "Outstanding Performance Award" from Ministry of Textiles, Government of India in 2016

Best Project

Winner of "Duns & Bradstreet - Infra Award" for the best project under the category "Industrial Parks & Sez" in 2011

Infra Award

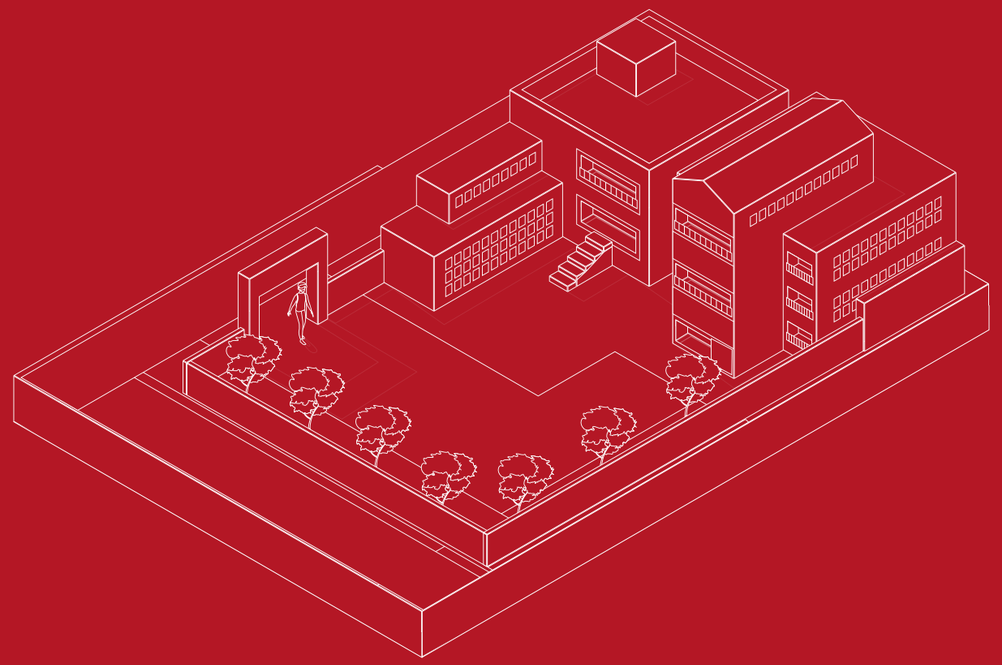
"D&B - Axis Bank Infra Award"
in Industrial Park category

Luthra InnoQ
Innovation & Quality Hub

Innovation Driven By Relentless Curiosity

We're a company fuelled by a passion for pioneering, not simply replicating. We're driven by an insatiable curiosity that pushes us to explore and innovate through research constantly.

20+ Labs across India



Services

- Comprehensive testing and validation services for materials and products
- Customized R&D solutions tailored to client needs
- Consulting & Advisory services on innovation strategies, implementation

Laboratory

- Mechanical Laboratory
- Environmental Laboratory
- Chemical Testing Laboratory
- Technical Textile Laboratory
- Skill Training Centre
- Product Development and Green Textile Centre

Luthra Foundation

We Aim To Thrive Together

We believe in building a future that's prosperous and mindful. We've been champions for underprivileged communities since our inception, understanding that true success is interconnected.
